

Directory of IT services for the Voluntary Sector in Derbyshire

Edition 1: February 2006

Help with your Computers and IT problems

*from Derbyshire Circuit-Riders
a High Peak CVS Project funded by ChangeUp*

Introduction

I am the Derbyshire IT Development Worker (IT champion) funded through the ChangeUp initiative. My role is to work with voluntary and community organisations across Derbyshire, offering **free and impartial IT consultancy**, covering all IT needs: from training to system upgrades and design and identifying suitably costed solutions, helping organisations understand what they need from a website and how to produce a tender, how to produce an acceptable use policy, understand broadband technologies and more.

I am happy to visit VCS organisations wherever you are in the county, and work with you to help make the best use of IT in what you do.

Please feel free to give me a call or drop me an email.

Jim Owen

Jim Owen, IT Development Worker, High Peak CVS, 1a Bingswood Industrial Estate, Whaley Bridge, High Peak, SK23 7LY

About this list

This directory of IT suppliers has been produced as part of the ChangeUp funded **Derbyshire CircuitRiders** initiative. It has been developed because of a **real** need for a directory of suppliers of IT services that is useful and relevant for voluntary sector organisations throughout Derbyshire, and that is easy to access from a central information point. It is designed to

enable organisations find useful sources of support and advice from providers that understand the voluntary sector.

You can download additional copies of this list from www.highpeakcvs.org.uk/publications

We have split the list into a number of separate sections:

- **Software**
- **Web services**

Where suppliers fit a number of categories, you will find them listed under **General / various IT services**

- **IT training**
- **Information Resources**

This list is not yet fully comprehensive: if you are business that provides an IT service that is relevant to voluntary sector organisations in the county, please contact me to find out how

to be included in future editions. Likewise, if you are a voluntary organisation that uses an IT service or supplier that is not listed, that you think others would find beneficial, please let me know.

Accuracy: We have made every effort to ensure that the information published in this directory is accurate. However, we are unable to can accept any liability for the accuracy or content. Readers who rely on this information do so at their own risk.

<p>Derbyshire Web Services 41a Kilbourne Road Belper Derbyshire DE56 1HA</p> <p>Tel: 01773 599626</p> <p>http://www.derbyshirewebservices.co.uk</p>	<p>Working with small businesses and organisations to:</p> <ul style="list-style-type: none"> • Research & analyse - evaluate the effectiveness of your current web & internet usage. • Develop web & internet strategies - based on your business plan, in-house skills and capacity. • Build & manage online applications - create powerful and easy to use tools that meet your business needs. • Train & support - help you learn the applications and embed them as essential tools within your business. 	<p>Whole of Derbyshire</p>

<p>The Community Website Builder</p> <p>www.communitykit.co.uk</p>	<p>An option that enables you to create a small, simple site is The Community Website Builder, a scheme operated by BT Better World and ik Software Limited. It allows registered UK charities, non-profit making organisations and volunteer-led groups or organisations to build and maintain their own website free of charge, without the need to buy any software – you could create your own site in less than fifteen minutes!</p> <p>Issues such as hosting are taken care of, although if you want your own domain name (i.e. www.yourorganisationsname.org.uk) rather than using the domain provided (which will be something like www.yourorganisationname.ik.com) you will have to register and pay for this separately.</p> <p>Be aware that sites may not meet accessibility standards and information on “hits” or visitor traffic is not easily integrated</p>	
<p>IT training</p>		
<p>Peak Mobile IT Training (P-MITT)</p> <p>High Peak CVS 1a Bingswood Industrial Estate Bingswood Avenue Whaley Bridge High Peak SK23 7LY</p> <p>Tel: 01663 735350</p> <p>http://www.highpeakcvs.org.uk/IT</p>	<p>P-MITT is the IT training project from High Peak CVS.</p> <p>Courses can be tailored to individual or organisational requirements. The tutor can come to you, delivering Courses “one to one” or “one to many” sessions. Mentoring is also available to assist with external IT courses (such as ECDL) being attended by members of voluntary organisations.</p> <p>This service is FREE to voluntary sector organisations.</p>	<p>Peak District of Derbyshire.</p>
<p>Information resources</p>		
<p>LASA Knowledgebase</p> <p>http://www.lasa.org.uk/knowledgebase/</p>	<p>Lasa have provided ICT advice to voluntary organisations since 1984.</p> <p>Knowledgebase is LASA's award-winning comprehensive database of ICT information and advice online. The knowledgebase provides help and advice with your ICT queries and your ICT management issues.</p> <p>Download a range of free, simple to understand knowledgebase articles written from a voluntary sector perspective: everything from buying IT, using the internet, thinking about a website to managing IT and IT support</p>	<p>UK wide (internet resource)</p>
